The mission is finished ... and what better time for to thank you master, deck officers, engineer officers, bosun, seaman's and cooks of the ship Aurelia for the collaboration, availability and hospitality offered.

I am fully satisfied how each one of you have done your duties with skill and safety. Personally and on behalf of ELETTRA TLC i express total gratitude of how you have performed your duties with care and dedication.

A great job in a short time has become reality for our eyes and thanks to you that I feel great officers, great seaman's, where you have not hesitated to put your knowledge in the light of day your ability to manoeuvre in any circumstance and to overcome with ease any kind of problems presented.

I will hope that future work can be done together again and find you the best that market can offer.

Great theoretical and practical training make you officers and seamans of High Level. Sympathy, joy and authenticity make you dear friends who have given wonderful days.

Please accept this thought that is gratefully and appreciation.

Please accept master the assurance of my highest esteem and consideration.

Best Regards
